The decision to admit a patient rests with the treating doctor. The patient will be admitted only if a vacant bed is available. In case of emergency, out of turn admission may be done.

Wheel chairs are available. OPDs have waiting halls with chairs, lifts, drinking water and toilet facilities at each floor. Parking is available free of cost within the hospital premises. Vehicles parked outside designated areas may be towed.

## Investigations

All investigations are done free of charge.

After OPD consultation, the treating doctor will fill requisition forms and guide patients to the concerned lab/department.

Reports usually reach the concerned OPD on the next OPD day.

Certain specialized investigations are conducted only on specific days.

Due to heavy workload, waiting periods may exist. Patients will be given future dates; however, urgent cases may be prioritized based on doctor recommendation.
